1. Telephoned Francis E. Hewitt of Senate Appropriations Committee to invite him for the [redacted] trip on 1 December.

2. I spoke with William Darden of Senate Armed Services Committee who advised that Senator Russell probably will not return until after Christmas but he would keep us in mind in the event the Senator did return early.

3. Confirmed with Kenneth Belieu of Senate Armed Services Committee the [redacted] trip of 1 December. Belieu also indicated that after our previous discussion and following a talk he had with Colonel Adducci of Air Force L&L he was even more interested in the subject of physical security on Capitol Hill. He indicated he might wish some further assistance from us on this item.
